Initiative Job Application

Why Beyond Presence?

Our team is driven by innovation, creativity, and the pursuit of excellence. We offer a platform where these values are celebrated and encouraged, making Beyond Presence the ideal place for those who want to impact the future of technology.

Invitation to Innovators: We believe in the power of fresh ideas and unique perspectives. If you think you have something exceptional to contribute to our mission, regardless of your specific expertise or industry background, we encourage you to apply.

What You Should Include In Your Application

Your CV detailing your academic and professional background. A cover letter explaining why you are interested in Beyond Presence and how you see yourself contributing to our vision. A brief proposal describing an idea, project, or initiative that you believe could advance our technology or business model.

How to apply?

Interested candidates should send their applications to careers@beyondpresence.ai. We are always open to discovering new talents who can contribute to our vision, even if we do not currently have a specific vacancy.

About Us

Ever thought about cloning yourself? Great news, we are building a human cloning company for you! At Beyond Presence, we're on a mission to redefine digital interaction with our hyper-realistic avatars. Imagine having lifelike digital twins that can hold natural, human-like conversations—how cool is that?

Our journey began with our founders, who previously created Presize, a groundbreaking company that developed highly accurate digital body twins from a smartphone camera for an AI personal stylist. Their innovative work caught the attention of Meta, leading to a successful acquisition. Now, they're bringing their expertise and passion to Beyond Presence, pushing boundaries and making the impossible possible.

Join us, and let's create the future of digital human interaction together. Ready to make your mark on tomorrow's technology? Let's go!
