Makerspace Expert/-in Prototyping (m/w/d)

As one of the largest universities for applied sciences in Germany, we are dedicated to a comprehensive range of topics from business, technology, social and design, in a holistic and interdisciplinary manner. We see our challenge and obligation in actively shaping the future through teaching, research and transfer. Collaboration in partnership with business and society is of central importance to us.

The Strascheg Center for Entrepreneurship GmbH (SCE) - supported by the Falk F. Strascheg Foundation - is an official affiliated institute of the university and has the goal of improving teaching and research on entrepreneurship and thus promoting entrepreneurial thinking and action.

As part of the BMBF initiative “StartUpLab@FH”, we are working with the Strascheg Center for Entrepreneurship (SCE) to fill a position as soon as possible

Makerspace Expert Prototyping (m/f/d)

Code number: SI-05-24

part-time with 20.05 hours/week

Your tasks

Developing support for users and aspiring start-ups in the realization of prototypes. Networking of makerspace users and instructions for experimenting with new technologies. Advice and training for users in existing manufacturing techniques. Support, optimization and maintenance of the equipment park
