Working Student (m/f/d) - Allianz Consulting - Technology Empowerment - Research and Slide Creation

61216 | Inhouse Consulting | Student | Allianz Services | Full Time or Part Time | Temporary

Allianz Consulting Overview

Allianz Consulting is the internal consulting division of the Allianz Group. Based in Munich, Paris, Milan, Trivandrum, Pune, Singapore, and New York City and Minneapolis, our dedicated global teams of over 600 consultants share a joint vision: to be the consulting partner of choice for Allianz Group core segments, transforming the future of Allianz from within. We bring deep industrial and functional expertise to fulfill our clients' needs, ranging from strategy, market management, sales and distribution, IT, organization, claims and operations to central functions and Agile methodologies.

Allianz Consulting's structure focuses on competencies and delivery. Therefore, we are set-up in so called "practice areas" and "service clusters" that focus on the following topics:

Sales Excellence Marketing & Customer Excellence Agile@Allianz Resilience & IT Excellence Digital Ecosystems Claims Excellence Products & Pricing Productivity Excellence Finance Excellence & Strategy Legal, Data Privacy & Compliance People Excellence

Department Description & Job Purpose

The "Digital Ecosystem" department, in collaboration with the "Technology Empowerment" Service Cluster, is committed to enhancing the productivity and professionalism of IT organizations and empowering IT leaders to make informed decisions and achieve desired outcomes. Our mission involves

Integrating business needs with appropriate IT expertise and solution development. Ensuring seamless integration of IT platforms/tools, data, processes, and organizational structures. Providing IT solutions focused on productivity that accelerate business and IT Service Management (ITSM) processes. Offering comprehensive support from platform selection, design, and testing to release and rollout. Managing IT portfolios, programs, and projects with an emphasis on impact, including Project Management Office (PMO) as a Service. Exercising decision-oriented control over IT change and operational finances, identifying cost-saving opportunities. Designing sustainable and cost-effective IT operating models based on business cases, establishing efficient organizational frameworks, considering shoring strategies, and delivering ready-to-use works council artifacts.

In this role, you will be tasked with gathering information, aligning with several subject matter experts defining a story line and producing PowerPoint slides.
