Quality engineer (part-time/full-time; f/m/d)

93055 Regensburg

Quality is a big priority for you and you enjoy digitalization projects? Then we have just the thing for you!

IMPACT starts with us: We are looking for a quality engineer (f/m/d) who is interested in familiarizing himself with our internal quality management at the Regensburg location ("Sachsenwerk"). The location offers a development and production location. Introduce innovative ideas in a family atmosphere and help shape the pulse of the times. Does this sound interesting to you?

When and where? From now on in Regensburg

Duration: Unlimited

Vacation: 30 days / year in accordance with the IG Metall collective agreement

Weekly hours: Part-time (at least 30h/week) or full-time (35h/week) with a 5-day working week.

Who is looking for your support? Andre, Head of Quality Management

Your IMPACT:

Analysis of quality problems and advancement of innovative solutions  
Management of exciting projects (e.g. introduction of an MES system) and support of the implementation of measures at the site  
Implementation of internal audits and support of external audits  
Maintenance and further development of the Integrated Management System (IMS)

You can find a little insight into the work at the location here:

Our range:

A job with a future: With us you can plan your career for the long term and develop according to your own wishes  
Innovation: We don't just work with the times - we help shape it  
Together into the future: You take responsibility for your area of

responsibility and make an active contribution to energy - and technology revolution! Further development: We promote your further development through regular feedback discussions and training. Work-life balance: Our offers include subsidies for public transport tickets, Hansefit offers, corporate benefits or the employee share program

Have you already taken a look at your possible new workplace? Visit our Regensburg location directly in our virtual 360° tour: <https://tours.nexpics.com/schneider-electric/regensburg/>

Your profile:

Completed studies in the field of mechanical engineering, electrical engineering or industrial engineering (or

comparable training) Additional training as an auditor or alternatively first professional experience in the field of quality management First experience in the field of project management Very good knowledge of German and English. Knowledge of French is an advantage

Curiosity, inclusion, teamwork:

No one is flawless and not all career paths are the same. It is important that we have the will to learn and develop. Because we know that a career also means first having to find your strengths. Apply now, even if you don't (yet) meet all the requirements. We look forward to getting to know you!

Your next step? Apply online of course!

Please upload your CV including salary expectations.
